Counter Notification

If a notice of copyright infringement has been wrongly filed against you, you may submit a counter notification. A valid counter notification must include:

1. Your **physical or electronic signature**;
2. Identification of the material that has been removed or to which access has been disabled and the location of the material before removal;
3. A **statement under penalty of perjury** that you believe in good faith that the material was removed or disabled due to a mistake or misidentification;
4. Your **name, address, telephone number**, and a statement that you consent to the jurisdiction of the federal court in your district (or any district where the service provider is located if outside the U.S.), and that you will accept service of process from the original complainant.

Once a valid counter notification is received, we may reinstate the material, unless the original complainant files a court action seeking a restraining order.
